

## YoCharge is partner of Shoonya Campaign powered by RMI India & NITI Aayog

**NITI Aayog, RMI and RMI India** had launched the Shoonya campaign to promote zero-pollution mobility across the nation.

The campaign aims to promote the use of electric vehicles (EVs) for deliveries and rides through a corporate branding program and EV awareness drive.

**YoCharge** aims to create a network of charging stations to eliminate range limitations on electric vehicle usage in India.

With Shoonya, YoCharge's intention is go beyond zero emissions and ensure not just e-mobility but green mobility by using electricity from renewable sources.
